

Reds Shift Pressure To Eastern Korea, Mass 130,000 Troops

(By The Associated Press) Chinese Communists today appeared to be changing their pressure to east Korea after losing 36 times more men than allied forces in the first five days of their offensive.

United Nations forces advanced in west Korea. Second Division patrols on the central front probed northward into new force of 130,000 Chinese reported massing north of their lines for a big new strike.

New Trick Revealed

To the east, Communists pushed back South Koreans around Soksa. Here the Communists have made deep penetrations. They have pushed southward from Soksa, 25 miles south of parallel 38. Dispatches from this area were heavily censored.

The chief of staff of the South Korean army, Lt. Gen. Chung Il Kwon, said the Communists have aimed their strongest blows at his troops in an effort to destroy American faith in South Korean fighting ability. Using the divide and conquer method, the general

First Jet Ace Gets His DSC

Flier Still Aches From MIG Battle

By O. H. P. KING

TOKYO—(P)—They pinned the distinguished service cross on the world's first jet ace today. The medal, second only to the medal of honor, brought joy to the aching body of Capt. James Jabara of Wichita, Kans.

Jabara is still stiff and sore from Sunday's air battle in which he destroyed two Russian-type Mig-15 jets to run his score to six.

"My back muscles are awfully sore," he said. "In fact, I can hardly sit down, my fanny is so sore. The maneuvering required to match the evasive tactics of the Migs pulls and strains you all over, even though the fight lasts only five minutes."

Things have happened fast to Jabara—no slow poke himself. Sunday he became a jet ace.

Monday he was relieved of combat duty and ordered to Japan as an instructor.

Today, before a group of senior air force officers, he was decorated for dauntless courage in attacking numerically superior formations of communist aircraft.

All this in fight he shouldn't even have been in, according to Brig. Gen. William P. Nuckles, public information officer of the Far Eastern air forces.

"Jabara won't tell you this," Nuckles said, "but when he reached the combat area and tried to drop his wing tanks, one wouldn't shake loose. That made his aircraft unbalanced and difficult to manage. He had to use two hands on the control stick. He should have returned to base immediately."

Two Ships Bring More Men Home From Korea

SAN FRANCISCO—(P)—The military rotation of combat veterans home from the Korean fighting front has shifted into high gear.

Two transports bearing 1,905 soldiers and 358 marines docked yesterday. It was the third shipload of army men and fifth of marines to come home.

Truman Signs Bill To Lift Copper Duty Until End Of War

WASHINGTON—(P)—President Truman signed today a bill suspending the two-cents a pound copper import duty.

The new law makes copper

free of duty from April 1, 1951 until February 15, 1953, or until the end of the present national emergency whichever is earlier.

A major provision of the bill is that the duty would be restored whenever the domestic price of copper falls below 24 cents a pound for any one calendar month.

Iran Oil Deal Fans Resentment Against Britain And U. S. A.

By ROBERT B. HEWITT

TEHRAN, Iran—(P)—Iran's Moslem religious leaders and her Communist underground—both sworn to drive foreign oil interests out of their land—called a demonstration to express hatred against interferences which violate our independence." The rally also is aimed against America taking any hand.

The hard-fighting doughboys knocked out about 40,000 Communists in the blazing battle. Ruffner said:

"The boys have stopped them cold. The Red units in front of us now are no longer capable of launching a potent attack."

The Second Division was aided by round-the-clock air support.

When the Chinese started a probing action they were met by a solid wall of artillery. An Eighth Army officer said the artillery, "boxed them in and shelled them." The ground was littered with Chinese dead. Survivors were in a dazed condition.

Detroit Police Killer Convicted

Negro Father Faces Life Sentence

DETROIT—(P)—A jury returned a first degree murder verdict last night against a Negro father whose slaying of a police man led to a riot alarm last fall.

Charles M. Gordy, sr., 54, a factory worker, was convicted by an all-white jury of eight women and four men after five and a half hours deliberation.

Gordy shot and killed Patrolman Andreas Mellert, jr., 30, last Nov. 19 at the Gordy home on the near east side. He also wounded Mellert's patrolman partner, David R. Morgan.

At Morgan's radio call for help, 50 policemen came to the home, a two-family flat. They laid siege to it, raking it with machine gun and pistol fire. Tear gas bombs were thrown into the house.

Several thousand spectators crowded into the neighborhood. For a time police feared a race riot.

Mellert was shot after he had arrested Gordy's son, Charles, jr., in a robbery armed case. Subsequently, it was determined that the case already had been closed and the younger Gordy cleared. The son had a prior police record.

Mellert was shot and killed as he marched young Gordy down the steps of the house.

Schoolgirl Held For Kidnapping

Ohio Woman And Baby Son Abducted

BLOOMINGTON, Ind.—(P)—A high school girl flute player, wearing her band uniform, and a young man were seized by police last night on a Cincinnati woman's statement that they had kidnapped her and her baby son.

The arrest of the teen-age girl and her companion ended their three-day three-state jaunt, police said. They identified the girl as Christine Cosby, 16, a Monroe, Mich., high school student.

Chief of detectives Russell D. Parks identified her companion as Louis Ucci, 23, a tool setter, also of Monroe.

They were held without charge.

Parks said Mrs. John Frey, 32, Cincinnati, told him they forced her to drive here at gunpoint after she had picked them up near North Vernon, Ind. She and her 14-month-old son were released, unharmed but hysterical, after a five-hour ride across southern Indiana.

Parks said Ucci and the girl believed they were getting less hopeful of swinging a Democrat or two away from the strict party line vote which beat overriding the veto on the first attempt last week. The vote was 66 Republicans in favor, one short of the necessary two-thirds. Though some Democrats voted in favor of the boost in the first place, all 32 who were present voted against overriding.

Fog Halts Shipping

NEW YORK—(P)—Fog blanketed New York's busy harbor today, hampering shipping and forcing two big liners, the Queen Elizabeth and the Ile DeFrance, to heave-to off Ambrose lightship to await its lifting.

LANSING—(P)—The summer schedule of the state ferry service across the Straits of Mackinac will go into effect Friday, the state highway department announced today.

The schedule will provide hourly departures for Mackinaw City from 6:30 a. m. until 11:30 p. m. with additional boats at 1:30 a. m. and 4:30 a. m.

The boats will leave St. Ignace every hour starting at 6 a. m. and ending at midnight with an extra boat at 3 a. m.

New RFC Boss Cleans House; Quiz Continues

Branch Head Fired In \$36,000 Deal

By CHARLES MOLONY

WASHINGTON—(P)—The Senate Banking committee called new hearings today on the fate of the Reconstruction Finance Corporation.

RFC's new boss, meanwhile, was giving the huge lending organization new broom treatment.

The committee allotted today and tomorrow to hear groups seeking to keep the agency alive under restricted lending powers and with safeguards against possible political influence in its affairs.

Receipts Drop In Stockyards Ceiling Doesn't Cut Retail Beef Prices

CHICAGO—(P)—Cattle receipts at the nation's stockyards dropped and prices generally advanced yesterday in the first market session under the government's rollback of livestock prices.

Some observers said, however, that it was too early to judge the effect of the cattle ceiling order which is part of the government's campaign to cut meat prices.

The government's beef control program has had little effect on the cost of steaks and roasts bought by housewives at meat markets. But under the OPS program, the government hopes to have meat prices reduced eight to 10 cents a pound after Oct. 1.

Michael V. Di Salle, federal price stabilization director, says controls will not bring back rationing. He says the order is fair and necessary.

But packers and stockmen testifying at a hearing in Washington yesterday on a bill to extend the defense production act said the controls won't work. The defense production act provides for wage-price controls.

The only alternative seems to be a house revival of a bill to increase the corporation franchise tax and to raise the present \$50,000 ceiling. The bill has passed the senate. Even its backers do not claim it will raise enough to meet the general fund deficit of well over \$30,000,000, so the government may be cold to it.

House Republican brass said there were getting less hopeful of swinging a Democrat or two away from the strict party line vote which beat overriding the veto on the first attempt last week.

That brought the total for this year to 14,354,631.

Comparable figures for last year were 2,402,524 and 5,865,426.

Iron Ore Shipping Records Heavy Week

CLEVELAND—(P)—The Lake Superior iron ore association said today that 2,931,154 gross tons of ore had been moved from upper great lakes ports in the week ended yesterday.

The union told the council that if it does not restore the 56-hour week court proceedings will be started to force it to do so.

The council ordered the longer week on May 7 as part of an economy program which dropped three firemen from the payroll and cut one patrolman from the police force.

New U. M. President Man Of Personality

ANN ARBOR—(P)—In its new president-designate the University of Michigan has acquired a personality as well as an administrator.

A look at the record—and the comments of acquaintances here—indicates as much today.

Dr. Harlan Hethorne Hatcher, named yesterday as successor to retiring President Alexander G. Ruthven, has much stature in learning.

Historian And Writer

Also, he's six-feet-one, breaks out a pleasant smile, plays golf, and has a reputation as an after-dinner speaker.

At 52, with his hair silvering, Dr. Hatcher is an historian and writer with a cosmopolitan background. He served in both World Wars.

All of his career has been in education. He has studied in Italy, France and England.

Tax Commission Says Michigan's Valuation Is 10 Percent Higher

By

CHARLES MOLONY

LANSING—(P)—Michigan's equalized value for 1951 should be \$850,000,000 higher, or a total of \$12,758,325,000, the state tax commission says.

Receiving the recommendation, the State Board of Equalization reported it would determine the final figures June 4, after allowing time for protests from counties on their individual equalizations.

State Revenue Commissioner Louis M. Nims, chairman of the tax commission, said the increase was due largely to increased construction and to a 10 per cent boost given 25 counties which have not had recent equalization surveys.

The 10 per cent increase, he said, is slightly less than has been

found in counties recently surveyed.

Following are the 1950 equalizations by Upper Peninsula counties, and the recommended figures for 1951, respectively:

Alger, \$9,650,000, \$9,650,000; Baraga, \$11,100,000, \$11,250,000; Chippewa, \$38,950,000, \$52,700,000; Delta, \$32,600,000, \$33,650,000; Dickinson, \$37,200,000, \$37,300,000; Gogebic, \$43,500,000, \$43,500,000; Houghton, \$34,750,000, \$40,500,000; Iron, \$39,600,000, \$46,900,000; Keweenaw,

Joseph Harris Goes On Trial

Accused Of Causing Langley Girl's Death

Joseph Harris of Wilson, who was arrested on charge of driving the car that struck and killed Kaye Langley, 14, of Spalding, on April 3, went on trial in the Menominee county circuit court yesterday.

Kaye Langley, her sister, Gail, 16, and two companions, Judith Nowack, 14, and Raymond Fleetwood, 14, were walking to their homes in Spalding on the night of April 3 from the Midway theater on US-41-2 midway between the villages of Powers and Spalding.

The four were walking off the concrete on their left-hand shoulder of the highway against normal traffic. A car, also traveling towards Spalding, turned from its righthand lane, crossed the highway and ran out into the road's shoulder, crashing into the three girls from behind. Young Fleetwood saved himself from being hit by jumping backward and away just as the car struck the girls.

The car after knocking Kaye Langley down, carried the two other girls for several feet before they fell to the ground. The car then crashed into a guard rail leading to the bridge over the Big Cedar river, veered back into the highway and sped away. Kaye Langley sustained a basal skull fracture, causing her death before she reached Pinecrest Sanatorium; Gail Langley sustained fractures to her back and left leg and Judith Nowack sustained body bruises but no major injuries.

In his opening statement to the jury Prosecuting Attorney Victor A. Lundgren, Jr., said the state would call 13 witnesses in the trial to prove that Harris drove the hit-and-run car. Harris, who entered a plea of not guilty, is defended by Attorney John J. O'Hara with Michael D. O'Hara as assistant.

Rural Carriers Elect Officers At Stephenson

Hugo Tenhunen of Ishpeming was reelected president of the Upper Peninsula Rural Letter Carriers association at the annual convention held in Stephenson.

Other officers elected were: Ted Monroe, Manistique, vice-president and James P. Bastien, Stephenson, secretary and treasurer.

Mrs. Hugo Tenhunen of Ishpeming was elected president of the Women's auxiliary, with Mrs. Edward Forsman, Crystal Falls, vice-president; and Mrs. Elliot Webb of Skandia, secretary and treasurer.

Representatives from lower Michigan on the program included: William Kellogg of Olivet, the state president; Mrs. Leo Quaine, state auxiliary president; H. H. Gunz, postal inspector; and Harold Spanton, secretary of the executive committee of the state board.

Joseph Gucky, superintendent of the Stephenson schools, talked on community responsibilities.

The banquet was served to 80 people by the American Legion Drill squad in the Stephenson High school gym.

City Leases Forest Plot To 4-H Clubs

The city of Escanaba has approved a five-year lease of a 40-acre tract at Danforth to the 4-H Clubs of Delta county, for use by the clubs in their new forestry project.

About 800 white pine seedlings are expected to be planted this year in the club forest by the 4-H Club members.

Hospital

Mrs. Howard Rusha of 1812 First avenue north is a medical patient at St. Francis hospital. She entered the hospital Friday night and is not permitted to receive visitors.

Denis Henry, son of Mr. and Mrs. James Henry, 810 Third avenue south, has been dismissed from St. Francis hospital where he was treated for head injuries received when he was accidentally struck by a baseball bat.

Delta Walleye Luck 'Spotty'

Report Best Catches In Big Bay Area

Fishermen were having fair to poor luck in tries for walleye pike in Delta county waters today, according to reports from conservation officers.

At the head of Big Bay de Noc this morning the take was one to three fish to a boat—but the walleyes were running large, averaging five to seven pounds each, according to John Christie, district conservation supervisor. The walleyes appeared to be striking a bit better as the morning advanced, but the wind was picking up and a choppy sea was running.

Last night off Ogonz on Big Bay de Noc fishermen were taking four and five walleyes to each boat, with the fish running three to five pounds each. This morning the walleyes had stopped striking in that area.

Little Bay de Noc offered poor fishing today and there were no reports of success along the bay shore south of Escanaba, according to reports received by the conservation department.

A north wind today roughened exposed areas on the bays and chilled early morning fishermen.

If the walleye run follows the pattern of previous years it is expected to improve at the season advances. Early season fishing is usually best at the head of Big Bay de Noc, followed by improved catches on Little Bay and the south bay shore.

Delta History Group To Meet On Thursday

The Delta County Historical Society will meet at 8 p.m., Thursday in Carnegie Public Library to hear Clint Dunathas, who will speak on the topic of Delta county place names, their origin and meaning.

The membership will also be advised of progress made in plans for the summer state meeting of the Michigan Historical Society to be held here in August. Arrangements locally are being made by Charles L. Folio, director of the state society.

Bright Future For Peninsula

Burton Notes Many Favorable Signs

Michigan occupies an important geographical position in the expanding Middle West, and the Upper Peninsula has "a brilliant future," Charles Burton of Gladstone told members of the Kiwanis club Monday noon.

Citing that the Prudential Insurance company had recently decided to move its headquarters to Chicago, Burton predicted that other business and industrial enterprises will move to the Middle West.

"The Middle West is becoming the heart of the nation," Burton said. "New England is already feeling the impact."

Mining to Expand

Burton said low grade copper and iron deposits in the Upper Peninsula are virtually unlimited, and told how the Copper Range company, Cleveland Cliffs Iron company, Jones & Laughlin and Hanna company are conducting experimental work toward the utilization of these ores.

Michigan has great possibilities for expansion of its tourist industry with its 74 state parks, five national and 22 state forests, 21 game areas, 400 public fishing sites and other recreational areas, Burton asserted. The importance of Michigan's great water supply in the industrial picture was also cited by the speaker.

Burton concluded his interesting talk with a digest of the recently-released report of the Mackinac Bridge Authority, which has declared that the spanning of the Straits of Mackinac is feasible from the engineering

side it, on a half gallon ice cream carton.

Alex N. LaCombe Former Official Of C&NW, Dies

GREEN BAY, Wis.—Alex N. LaCombe, 87, former division superintendent of the North Western railway here, died at his home in Daytona Beach, Fla., Sunday night. He had made his home in Daytona Beach for the past four years. His daughter, Mrs. Leslie Sensenbrenner, of Neenah, had been with him in Florida for several months. The body will be returned to Green Bay for burial.

Mr. LaCombe was born in the town of Howard, July 19, 1863. When he was 19, he went to work as a telegraph operator for the North Western, serving at Pow-

ers, Menominee and Oconto, and later as agent at Nadeau, Norway and Menominee.

In 1907 he was transferred to Green Bay as agent. Three and one-half years later he was named assistant superintendent, and in 1912 became superintendent. He held this post until the Lake Shore and Northern Wisconsin divisions were consolidated Oct. 1, 1925, with headquarters at Green Bay. He was succeeded at that time by John S. Rice, who had been Northern Wisconsin superintendent at Fond du Lac.

After the change here, he was made assistant to the general superintendent in Chicago, where he remained until his retirement in 1932, after 50 years of service. In 1888 he was married to Miss Ella Tobin at Whitewater, Wis.

She died several years ago.

The only immediate survivors are a daughter, Mrs. J. Leslie Sensenbrenner, Neenah, and two grandchildren, Joseph Sensenbrenner, and Mrs. Jane Shipman.

ARTIST AT WORK—Clarence Moreau of Escanaba, who has operated an advertising and art service here for several years, is shown at work in his office, where he designs cutout novelties

on packages of nationally-advertised goods. He also has designed model cars for well-known automobile manufacturers. (Daily Press Photo)

Escanaba Artist Designs Cutouts For Containers

Have you had to save the cardboard carton from a package of Quaker Oats, or a corrugated container from the Lionel, Gilbert, or Hafner model train manufacturing companies, or the dress box from Fashion Frock?

If your child insisted you save the colorful novelties on any of these containers, plus others, you were saving the work of an Escanaba commercial artist, Clarence Moreau, 1109 Lake Shore.

There are very few artists in this country who can do this sort of engineering cutout design. Mr. Moreau learned the intricate work from Albert Kner, a native of Hungary, who is head of the design laboratory for the Container Corporation of America in Chicago.

Worked In Chicago

Upon graduating from the National Academy of Art of Chicago, Moreau went into business for himself in Chicago as a commercial artist. Later, he worked as director in the advertising and art department of a large beauty shop preparation company, designing cartons, labels and other advertising. From there he went to Container Corporation of America in Chicago.

In order to design these cutouts, one must have a complete knowledge of box board operations, printing operations, dye cutting operations and many other steps in this exciting work. And for that reason, there are very few men in the country who have gone into this work.

On the Fashion Frock dress box Mr. Moreau designed a model house with a fence, garage and trees. For Kellogg, he designed a Christmas truck with Santa at the wheel on a corrugated carton. RCA ordered a miniature fire department complete with fire engine, ambulance, hook and ladder car, squad car and the fire chief's car, all on corrugated boxes for batteries.

For the Ford Motor company he designed and engineered their 1950 model four-door Ford plus a model-to-scale Ford station wagon. These were a promotional scheme distributed through different Ford agencies.

Model Trains

Lionel trains wanted the cartoon package their product was packed in designed with cut-out

GreyVan Company, one of the large moving van companies, who supply large corrugated boxes for moving clothing and small articles to their customers, requested a garage with smaller GreyVan truck in proportion to the garage for users of their service.

One of the large ice cream companies wanted the cartoon of their half-gallon carton made into a cut-out. Mr. Moreau put the "third" little pig in a brick house, looking out of the window at a "cut-out" wolf.

His most recent job was the designing of Mother Hubbard's cupboard with her dog standing be-

side it, on a half gallon ice cream carton.

Erlandsen Voted Against Own Conviction On Gas Tax Bill

THE house of representatives will have another chance to save the 1½c gasoline tax increase bill this week but unless one or more of the Democratic members break from Governor Williams, the result will be unchanged from last week when the veto was sustained by a single vote.

Rep. Einar Erlandsen of Escanaba voted for the gasoline tax increase when it came before the house the second time, after the bill had been vetoed by Governor Williams. Rep. Erlandsen suddenly changed his mind and voted against the tax increase. Erlandsen and other Democrats naturally were subjected to considerable pressures from the governor's office to sustain the veto.

However, when the measure came before the house the second time, after the bill had been vetoed by Governor Williams, Rep. Erlandsen suddenly changed his mind and voted against the tax increase. Erlandsen and other Democrats naturally were subjected to considerable pressures from the governor's office to sustain the veto.

Rep. Erlandsen had to make a choice between the desires and hopes of his constituents, clamoring for better roads, and the partisan political desires of Gov. Williams, head of the Michigan Democratic party. It is extremely regrettable and disappointing that he chose the political answer.

He can still make some amends for this error by voting his own conviction on the gas tax measure, when it comes up again this week.

Russia Denied Voice In Jap Peace Treaty

AMERICAN rejection of Russian efforts to participate in the formation of a peace treaty with Japan recognizes that every international negotiation involving Soviet participation has broken down as a result of disagreements.

Russia was at war with Japan only six days and contributed nothing at all to the defeat of Japan. It had been impossible for the United States, Britain and France to work with Russia towards a peace treaty with Germany and the same situation undoubtedly would apply regarding a treaty with Japan. Russia's objectives for communizing Japan and the Orient are wholly in conflict with our aims, which means that it would be impossible to reach an agreement for a Japanese treaty satisfactory both to Russia and the United States. The sensible solution is to deny Russia an opportunity to toss any monkeywrenches in the peace treaty. That is precisely the position the United States has taken in this matter.

Merry-Go-Round

WASHINGTON — The Senate's ruling that star witnesses in the MacArthur hearings will not have to testify regarding confidential conversations presumably will hold for confidential conversations between Gen. Omar Bradley and the other members of the joint chiefs of staff.

However, some of their private reactions during the MacArthur discussions are significant. Inside fact is that the joint chiefs were extremely nervous about the idea of ousting MacArthur and took care to avoid the word "recommend" in reporting to the White House that MacArthur be fired.

Instead, and after considerable private debate, they decided to use the words "militarily advisable." Therefore, a report that it was "militarily advisable" to relieve MacArthur was signed by all four of the joint chiefs.

Despite this compromise-wording there was no question among the joint chiefs that MacArthur should go. There were three general reasons for this view, and it is interesting that none of them really agreed with Truman's reasons—namely, MacArthur's flouting of orders by discussing foreign policy.

Reason No. 1 — Was the fact that the joint chiefs considered MacArthur too rash as a military commander and likely to let American forces in for more trouble.

TYING MACARTHUR'S HANDS

That was why they actually tied his hands with the military directive regarding the bombing of Chinese bases. They decided that he could bomb Chinese bases if—and they were two very big ifs—1. The Communists threw in enough air power to jeopardize our ground troops; or 2. If the Chinese attacked any U. N. ships or installations outside Korea.

But MacArthur was given a further directive that before he could do any bombing in either of the above categories he must first consult the joint chiefs. In other words, what might provoke MacArthur into bombing Manchuria might not be enough to provoke the joint chiefs. They didn't trust his judgment, were afraid he would interpret these conditions far more liberally than they.

Reason No. 2—Was the fact that MacArthur was not one to take suggestions or guidance from the joint chiefs. While it is J. C. S. policy not to dictate to the commander in the field, they do reserve the right to give general guidance and make suggestions.

And they were quite provoked during MacArthur's November advance into North Korea that he ignored their warning that there was no battle communication between General Walker's 8th army and General Almond's 10th corps. When the joint chiefs warned MacArthur about this, he replied, rather coldly, that there was sufficient liaison.

MAC KILLED UMT BILL

However, the joint chiefs, still not satisfied, asked MacArthur a second time why General Almond and his 10th corps were operating independently of the 8th army, leaving a big gap between the two forces. MacArthur replied, unconvincedly, that General Almond and his 10th corps were drawing pressure away from the 8th army.

Later, when the Chinese struck, they picked the hole that had worried the joint chiefs, and smashed right into the vacuum between the 10th corps and the 8th army.

Reason No. 3—However, what finally got the joint chiefs really sore at MacArthur was the way his statement about using Chiang Kai-shek's troops in Korea killed the universal military training bill.

For months the joint chiefs had set their hearts on passing universal military training for the first time in the history of the nation. But two days after MacArthur's statement urging that we use Chiang's Formosan troops, the U. M. T. bill was dead. MacArthur had killed it. For Congress was under immediate fire from the voters to use Chinese troops instead of expanding the draft.

After that the joint chiefs needed no urging from the White House to state that safety demanded concealment among the leaves. The nest is a loosely-woven, cup-shaped home, usually near the end of a long, horizontal branch and often about 20 feet above the ground. The greenish-blue eggs are splotched with purple and brown.

There is only one certain way to see the scarlet and black beauty. Sit quietly in a woodland for a while until you hear the blurred, husky song coming from a tree top. It is a lazy, leisurely song, in keeping with the spirit of a warm, humid day. It is a peaceful melody that will remind you a little of the songs of the rose-breasted grosbeak and of the robin. But there is a distinctive, burring, double-tone quality to the tanager's song; it gives an oddly effective air of ventriloquism. All bird students have had the experience of sitting or standing beneath a tree and watching for the scarlet and black singer a score or more yards away. Suddenly, one realizes the bird is among the trees' branches directly overhead. These days the males are bright flashes of beauty in the woodland as they perform courtship antics to attract the olive green females. We could wish the tanagers would be as common around the garden as the catbirds, but if they were, human nature would not value their beauty so highly. In a quiet green woodland, listening to the unhurried, two-note song and watching the glowing scarlet against green leaves, one can store a good picture in the mind's gallery.—By Haydn Pearson.

INTO THE PAST

10 YEARS AGO

Washington — Army engineers recommended to congress today an expenditure of \$3,000,000 to provide additional lockage facilities at the St. Mary's Falls Canal on the St. Mary's River approach to Sault Ste. Marie, Mich.

Escanaba—City and state police officers are seeking a gray haired man about 45 or 50 years of age, about five feet, seven inches tall, medium build, wearing a gray hat and a gray suit who may be driving a gray colored automobile. He is wanted in connection with the theft of \$78.21 yesterday morning from Mrs. William Flath, 812 South first avenue.

Gladstone — Tuesday marked the 20th anniversary of the founding of the Gladstone Rotary club. Of the original membership only four children members are still enrolled. They are James T. Jones, Dr. A. H. Miller, G. W. Jackson and Claude Hawkins.

Manistique—A Southern plantation will be the motif for the annual Senior Prom to be held Friday evening. Music for the Prom will be furnished by Gordon Lawrence and his Society Rhythm Kings.

20 YEARS AGO

Roan, France—Eight days of glorification of St. John of Arc, patriot and martyr, began this evening at sundown. The mayor of this city where she suffered and died lit the "eternal flame of remembrance" in the old medieval market place, on the spot where the "Maid of Orleans" was burned at the stake.

Escanaba—A mass of interesting information concerning lake levels, particularly that of Lake Michigan, has been compiled by John J. Mitchell, 908 Seventh avenue south, who for several years has owned a sailing boat and is an ardent devotee of the boating sport.

Manistique—Paul Peterson, of this city, will sing tonight over radio station WGN as a member of the Western State college choir of Kalamazoo. The choir will sing at Orchestra Hall, Chicago.

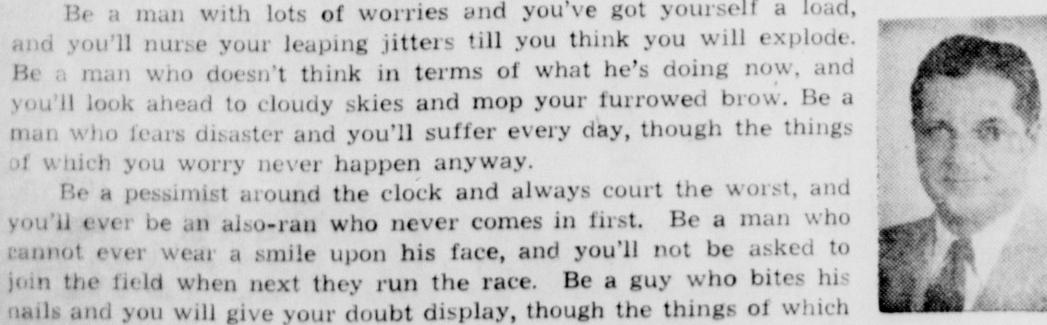

Folks who haven't the nerve often go to the dentist because they do have a nerve.

Worrier

Be a man with lots of worries and you've got yourself a load, and you'll nurse your leaping jitters till you think you will explode. Be a man who doesn't think in terms of what he's doing now, and you'll look ahead to cloudy skies and mop your furrowed brow. Be a man who fears disaster and you'll suffer every day, though the things of which you worry never happen anyway.

Be a pessimist around the clock and always court the worst, and you'll ever be an also-ran who never comes in first. Be a man who cannot ever wear a smile upon his face, and you'll not be asked to join the field when next they run the race. Be a guy who bites his nails and you'll give your doubt display, though the things of which you worry never happen anyway.

But if you would be a man who wouldn't put his life in pawn, and with faith that, after darkness, there will always come the dawn, and if you would live each day and meet your worries as they come, you will be a proud and happy man and not a hopeless bum. Be a man who knows tomorrow will be just another day, and is time enough to meet whatever fate may come your way.

Signs Of Split Among French Commies Seen As Anti-Stalin Reds Plan Revolt

By ROSETTE HARGROVE
NEA Staff Correspondent

LENES, Pas-de-Calais, France—(NEA)—With national elections due in June, everybody in this northern French region, stronghold of the Communist Party, is wondering whether the party is going to split.

This is because 54-year-old Charles Lemoine, father of five children, ex-miners' delegate and leading militant of the party, has come out publicly for the formation of a "French Communist Party" which will no longer take orders from Moscow.

"We are tired of the intimidating, suspicious and disparaging atmosphere which has endured within our ranks," he declared.

"We still remain the 'sons of the People' and I am convinced that the line I have adopted will lead the working classes to victory. The time has come for all who resent intolerable discipline and despotic powers to unite."

According to the leader in Lens of "Force Ouvrière," the moderates of the C.G.T. (Confederation of Labor), who left the Federation to form their own union, this revolt is perhaps the "handwriting on the wall," but it has not yet shown how it will develop.

It remains to be seen how well the revolt will catch on among the French masses, who are known to be terribly tired of politics.

Yet 2000 Communists in the region already have rallied around miner-delegate Lemoine and encouraging contacts reportedly have been made with various group leaders. The Stalinists claim that the dissension had been fomented by the United States.

The immediate aim of the "French Communist Party" is to create federations in some 30 Departments. It is also said that leaders plan to present their candidates in the forthcoming elections.

Furthermore, it has been rumored that Lemoine proposed to go to Italy to meet the leaders of a similar movement started there by Migni and Cucci, deputies of the Italian Communist Party.

There is no doubt that the opposition represented by Lemoine and his followers seriously affects the Communist Party. It is known that attempts were made to prevent him from holding his meeting by offers of conciliation, which he refused.

It remains to be seen how well the revolt will catch on among the French masses, who are known to be terribly tired of politics.

effort.

West German coal output amounts to about 25 per cent of all the coal produced in Western Europe.

Before the war the Germans both produced and used 40 per cent of European steel. Even with wartime bombing and postwar dismantling, their great steel works are grinding out 13,000,000 tons of steel a year.

The steel industry is exporting 180,000 tons of rolled products a month—most of it to the west—despite official protests that more steel should be retained for the home market.

Western Germany is the major source in Europe of many chemicals and flowers of higher quality and greater abundance—but these improvements often are made by sacrificing some of nature's hardiness.

Nature herself is prolific, stressing quantity rather than quality. Survival is essential before anything else. That explains the raspberry's inclination to run wild with new growth.

For sheer determination and will to live the wild varieties cannot be duplicated by man's hybrid strains.

LETTING THEM GROW — The recent column concerning wildflower gardeners resulted in a follow-up from Gladstone, where Dr. A. H. Miller has one of the largest and finest beds of trillium in the country.

About the time we were grubbing in the raspberry patch, Dave Coon of Escanaba, out for a drive, was halting at the Dr. Miller home to photograph the blooming wildflowers.

More than 100 of the three-petaled blossoms were showing in the garden, started 15 years ago with a dozen plants.

Dr. Miller told Coon,

Here again is proof that nature, undisturbed by men, will carpet the ground with flowers, restore a land to forest and grass.

IT WORKED THERE—Atty. Denis McGinn, counsel in defense of the John P. Norton will, found a friend in Louis J. O'Marr of Washington, D. C., the other day.

O'Marr is in Escanaba as commissioner of the Indian Claims Commission, and has known the Indian and his problems for many years. It was at Sheridan, Wyo., some 20 years ago that a banker died and willed approximately one million dollars to the schools. The will was contested and upheld.

For a number of years O'Marr served as a trustee of the scholarship fund and during that period saw some 500 young people assisted in obtaining educations through the generosity of the Wyoming banker.

Now in Escanaba, Commissioner O'Marr is hearing further testimony in claims of the Chippewa Indians against the United States. McGinn and O'Marr, whose ancestors came from Old Ireland, found a common ground of interest in wills and scholarships—for the Norton will was upheld by a circuit court jury here on Friday.

Unless an appeal is taken and the supreme court decides otherwise, young people of the Escanaba community will be aided in the future by a half-million dollar Norton scholarship fund.

GREEK MEETS GREEK—Ted Rouman, Escanaba senior high school student, was one of four Uthrotar delegates to the recent Rotary district conference at Eau Claire, Wis.

There he met a young Greek, a student in America through the assistance of an uncle in Eau Claire, who attended one of the Uthrotar sessions.

In reporting to the Escanaba Rotary club yesterday on his conference attendance, Ted told the Rotarians that he went up and greeted the young man from Greece "like an old friend." Ted's parents came from Greece and Ted speaks some Greek, and he also found that his new friend hailed from Tripoli, near where Ted's mother was born.

The young man from Greece told Ted he planned to return to his native country after ten years, but when he returned to Escanaba, Ted told his mother: "If he stays in the United States ten years, he will never go back!"

UNDER CONTROL—Over the weekend we completed a task that had already been too long put off—cleaning out the raspberry patch.

Raspberry plants have the habit of putting up new shoots in all directions, a habit that in a few years would make the patch a disorderly wilderness of stalks. Old wood also must be cut away so the fruit will be of better quality.

It was pleasant working in the warm sunshine and this led to philosophical thoughts about personal bad habits that must be halted if life is to be orderly and productive. All of us are likely to wander from the straight row into paths of idleness unless cut back into line by harsh experience.

Only catch in this theory, however, is that our raspberry patch is anything but a model of successful gardening. Our control efforts, like self-discipline, should pay off in the years ahead.

NATURE'S WAY—Man has assisted nature in the development of many fruits and flowers of higher quality and greater abundance—but these improvements often are made by sacrificing some of nature's hardiness.

Nature herself is prolific, stressing quantity rather than quality. Survival is essential before anything else. That explains the raspberry's inclination to run wild with new growth.

For sheer determination and will to live the wild varieties cannot be duplicated by man's hybrid strains.

Mental Health Program Expansion Is Proposed

By MARQUIS CHILDS

WASHINGTON — You would scarcely believe it in view of the state of the world as reflected in each day's harvest of headlines, but there are serious, intelligent men and women working long and earnestly to try to guide wavering and frightened people back to the path of sanity. They are trying new methods, patiently exploring the dark complexities of the human mind, hoping they may be somewhere near the threshold of discoveries as important as any in physical medicine.

I went to a Senate hearing on this subject the other day. It was pretty quiet. No klieg lights. No crowds. No standees waiting to get in. And no reporters.

They were talking about an appropriation for the National Institute of Mental Health which, during the current federal year, is spending a little over \$7,000,000 for training psychiatrists and psychologists and for research into mental illness. For the coming fiscal year a group of citizens comprising the National Mental Health committee is urging an expenditure of \$23,673,000. And that comes squarely up against that formidable word—economy.

Causes Absenteeism

One of the witnesses had some interesting things to say on this subject. He was Arthur Bunker, president of a large corporation and a director in other national corporations. He pointed out that in his own state, New York, one-third of the state's entire operating budget went for maintenance of mental hospitals. The amount for 1951-52 is \$108,000,000, with another \$50,000,000 going for construction.

Bunker cited previous testimony by a Cleveland manufacturer, John C. Virden, indicating that mental illness is responsible for more absenteeism in industry and more expense to the taxpayer than all other diseases combined. As the rearmament program grows and as the need for workers becomes more acute, this is a matter of the greatest national urgency.

Another witness was Dr. Florence Powdertaker, who had a lot to do with the psychiatric program of the army in World War II and the Veteran's administration after the war. She told the senators that 43 per cent of all hospital admissions of men and women in uniform during the war years were for mental disturbances.

The rate of rejection by selective service for mental aberrations continues to be shockingly high. A few may be faking. But it takes a very clever individual familiar with the symptoms of mental illness to be able to deceive an examining psychiatrist.

A National Scourge

Still another witness was Charles Schlaifer, head of an advertising agency. He contended that merely in dollars and cents terms—in the freeing of even a small fraction of the hundreds of thousands whose lives rot away in mental institutions—the expenditure of \$24,000,000 was a practical and wise use of the taxpayers' money.

So it went. The facts and figures piled up on what may well be the nation's most devastating scourge. Yet on the average only one dollar is spent on psychiatric research to \$65 spent in other medical studies. In the whole country there are only 5,000 psychiatrists.

The governors of the states are acutely aware of what all this means, especially in view of inflationary pressure steadily pushing up the cost of caring for patients in mental hospitals. This is one reason why Governors Warren of California, Youngdahl of Minnesota and McMath of Arkansas are honorary chairmen of the National Mental Health committee.

How many billions of dollars will be spent on armaments in 1951 is still a matter of estimate. Spending at the end of the year will be at the rate of \$48 billions annually. Some may see in that a stern prohibition against spending for anything else.

Divorce Court Favors Women

But Cleveland Judge Breaks Tradition

By ROBERT C. RUARK

NEW YORK—It has been some time since I courted trouble with the womenfolk, and so I guess this is as good a point as any to raise a new ruckus. There is a judge out in Cleveland who just put himself out of the popularity business, staff department, by stating flatly that the fact of matrimony is not sufficient reason for alimony.

I believe this would be the common sense judgment of most Americans. That common sense, as witness the recovery from the brief but intensive emotionalism over General MacArthur, is a factor this capital too often ignores.

Present for the appropriations committee at the hearings were two senators, Lister Hill of Alabama and Edward Thye of Minnesota. They both showed conscientious, thoughtful interest for what was being said. One of the senators remarked—he kept this strictly off the record—that it might even help to have a few psychiatrists around Capitol hill.

So, who knows? Maybe Mary Martin in that song she sings in "South Pacific" about refusing to believe the human race is falling on its face is right after all. Maybe slowly we are groping toward a little more sanity, a little more understanding.

Atty. Strom Will Be Commencement Speaker Thursday

Commencement for the senior class of the Perkins high school will be held at 8 p.m. Thursday in the High school auditorium with Atty. Wheaton L. Strom of Escanaba delivering the commencement address.

Diplomas to the ten graduating students will be presented by Fred Reese, president of the board of education.

Glen Anderson is valedictorian of the class and also will receive a scholarship pin award as the outstanding student of the year. Kenneth DePuydt is salutatorian.

Today is Senior Class Day for the graduating class and the Senior banquet will be held tonight.

Times Have Changed

Why? Except in cases of flagrant cruelty and/or infidelity, the lady is not less vulnerable to criticism for the failure of a marriage than the man. There was a time, perhaps, when a grass widow proved up as damaged goods in the marital marts, because dames weren't generally working in them days and a one-time loser was cast out by polite society. But it isn't so anymore, when the women go to war and congress and claim superiority instead of equality.

If we allow that the old lady

can be the most poisonous shrew in the suburbs and still stalk off with the lion's share of the old man's life. She can cripple him with alimony until he can't buy himself a beer to help him drop his broken dreams. She can take him for the furniture and censor his future plans for another marriage. In about 80 per cent of the cases she is awarded the custody of the kids, unless she is starkly shown to be an unfit mother.

The system of divorce is as creaky as a farmhouse floor. We have, on the one side, all embattled womanhood clamorously proclaiming its equality and on the other, grasping greedily for all the perquisites of femininity which reach all the way back to the time when they were known as the

weaker sex and had to be protected by law.

I notice, for instance, that Rita Hayworth is putting the lug on her latest roommate for three whole million dollars, although she left him and he seems publicly willing to talk peace. Their child has become the contentious bone in the case, and I would venture that no kid needs three million to be an unfit mother.

Crime Wave At Rock Solved

Five Arrested On B&E Complaints

Fourteen breaking and entering crimes in Rock and vicinity have been cleared by the arrest of five persons, including two minors, the state police have reported.

Lloyd C. Bailey, 19, now of Ishpeming but formerly of Rock, and Archie Bazinet, 18, Rock, waived examination yesterday when arraigned in the court of Justice O. C. Estenson of Gladstone. They were bound over to circuit court on bond of \$1,000.

Previously Hugo Kestila, 20, of Rock, has been arraigned on a similar charge and he also was bound over to circuit court. Bond was furnished for Kestila and Bailey but Bazinet was committed to jail. The two minors were referred to probate court for action.

The burglaries involved the Rock Co-op store and other business firms as well as private homes in Rock.

Youth On Bicycle Hits Automobile

William Wolkenhauer, 11, son of Mr. and Mrs. John A. Wolkenhauer, 1515 Seventh avenue south, suffered minor injuries this morning when he ran his bicycle into an oncoming car driven by Frank Loos, 916 Fifth avenue south.

The youth was watching a porcupine in a tree while riding his bicycle on the street and failed to see the approaching car. The mishap occurred at nine a.m. in the 1300 block of Fifth avenue south. He suffered a bruised knee and a bump on the head.

Sorority Swim Suit Sisters Soak Cops In Ohio State Melee

COLUMBUS, O.—(AP)—A friendly water fight among sorority sisters dressed in swim suits mushroomed into a near riot of 5,000 Ohio State university students last night.

Before the melee ended in high street—one of the busiest in Columbus—police quelled the students with tear gas and carted off nine of them on disorderly conduct charges.

University officials put out a roaring bonfire the students started in high street.

Things were quiet enough when about 109 members of Pi Beta Phi and Kappa Alpha Theta sororities started squirting water at each other. Then football halfback Walt Klevay appeared on the scene.

Some of the girls started after Walt, one report said. That was the signal for his fraternity, Kappa Sigma, to enter the battle.

When the party got rougher someone called the cops. They came in 10 cruisers. A cop poured a bucket of water in the first. Minutes later students greeted police in other cruisers with well-angled eggs and over-ripe tomatoes. They also let the air out of tires of three cruisers.

Williams Sabotaging Roads For Politics, Commissioner Says

LANSING—(AP)—State Highway Commissioner Charles M. Ziegler today accused Governor Williams of misrepresenting facts in his veto of the 1.5 cent a gallon gas tax increase bill.

Ziegler, a Republican, charged the Democratic governor with "sabotaging the highways of the state to advance his own selfish political aims."

Ziegler denied that he gave Williams the figure of \$120,000,000 as the amount necessary to maintain and improve the highway annually.

He said \$120,000,000 was the true need for 1950 but should increase to a maximum of \$130,000,000 for 1951 and continue to increase thereafter.

Ziegler charged that Williams had misrepresented highway revenues by more than \$9,000,000 by using gross collections instead of net collections, by including money which goes to the general fund and by using a fiscal year basis instead of a calendar year basis.

Vetoing the increase, Williams had charged that the road lobby was asking for more money than it needed.

Film Oscar Winner Gets Top Billing In Hollywood Red Hunt

WASHINGTON—(AP)—Jose Ferrer, "Oscar" winner for the best male movie performance of 1950, got top billing today from the House Un-American activities committee investigating Communism in Hollywood.

Ferrer issued a statement in advance of his role as committee witness and said:

"I am not and have never been a Communist sympathizer."

The statement took the form of a letter to committee chairman Wood (D-Ga.). The committee has spent weeks looking into Communist influence in the movie capital.

Fair Trade Laws Do Not Bar Price Cuts, Court Rules

WASHINGTON—(AP)—A merchant who wants to cut prices has the backing of the supreme court unless he has signed an agreement not to sell at cut rates.

Dealers cannot be compelled to respect price minimums set under state fair trade laws if they have not voluntarily agreed to do so, the highest tribunal decided yesterday.

Buyers Save Money

Lawyers who asked the court to give such a decision said millions of buyers in the 45 states with fair trade laws would be saved

large sums by being permitted to buy "in a free competitive market."

The effect of the decision, they said, is to cripple or kill the state fair trade laws. Such laws permit the fixing of minimum retail prices by agreements between manufacturers and merchants.

Vermont, Texas, Missouri and the District of Columbia have no fair trade laws.

The 45 state fair trade laws say that minimums fixed by such agreements apply to all retailers in the states—even those who would not sign.

The court's opinion, by Justice Douglas, said non-signing merchants can't be "dragged in by the heels and compelled to submit to price fixing." Distributors who want to hold up prices, Douglas added, cannot have the right to use both an agreement and a "club" to force non-signers into line.

Trouble Predicted

Congress in 1937 adopted the Miller-Tydings Act, an amendment to the Sherman anti-trust law, which permits states to adopt fair trade laws.

Don Pouliot, Terrace Gardens, left today for Madison, Wis. He will visit with friends there.

The court's vote was 6-3, with Justices Frankfurter, Black and Burton dissenting.

The reasoning of those who said the decision would cripple or kill state fair trade laws was this: If the non-signer cuts prices, his competitor will lose business and will not want to sign up again. If the manufacturer seeks to enforce price minimums by cutting off supplies to the non-signer, he will run into trouble as a violator of the Sherman Act's ban on restraint of trade.

Besides, dismissal of Rowlands, Symington also announced these moves to rehabilitate the reorganized agency:

1. Making public at regular intervals—of about two weeks—information on all RFC loans; what adds more than a little flavor to the appointment.

Universities of the "Big Ten" often exchange faculty men but it's not usual that a vice president of one becomes a president of another.

Takes Over Sept. 1

Ohio State's own president, Dr. Howard L. Bevis, described Dr. Hatcher an "accomplished scholar, widely read writer, inspiring teacher and administrator of demonstrated ability."

It is Ohio State's "great loss," Dr. Bevis said and then added:

"He will give his whole heart to Michigan, but I suspect he may have trouble controlling his feelings on a certain Saturday afternoon next fall."

Dr. Hatcher takes over as Michigan's president Sept. 1. It will not be long thereafter that Michigan plays Ohio State in football.

Dr. Hatcher's father was a school teacher.

His wife has a similar lineage. Her father was the late Dr. William Vance, dean of the University of Minnesota law school and sometime professor of law at Yale.

She is the second Mrs. Hatcher. Dr. Hatcher's first wife died.

There are two children, Robert Leslie, 7, and Anne Linda, 5.

Missouri Demands Complete Blockade Of Communist China

WASHINGTON—(AP)—Rep. O. K. Armstrong (R-Mo.) called today for a complete blockade of Communist China and said he would offer a resolution to put Congress on record as endorsing such action.

Armstrong recently returned from the trip to the Far East, including the Chinese Nationalist refuge on Formosa.

During current hearings on the ouster of Gen. Douglas MacArthur, Armstrong, a former banker and state legislator in his native Wisconsin, had been with RFC nearly three years and with other federal agencies before that.

Panama Canal Looks Like Easy Target, But It's Prepared

By LUIS C. MOLI

PANAMA—(AP)—The Panama Canal, major artery of commerce and vital lifeline of defense, may seem in peacetime to be an inviting target, but it is no plum for easy military picking.

The 10-mile wide Canal Zone no longer bristles with guns. Many of its barracks, home to thousands of troops in the last war, are empty now. Out of its air fields, once nests of jet fighters and heavy bombers, only rescue planes drone on mercy missions. Its once bustling naval bases now shelter dirty freighters and luxurious cruise liners.

Always Under Guard

But—
The nucleus of a far-flung defense force, capable of standing off an enemy while reinforcements come, stands ready to expand into action the minute an enemy strikes. Every hour of the day and night, the canal itself is under guard.

The Panama Canal defense setup has two aspects: Security and defense. The security phase is under the governor, Francis K. Newcomer, a retired brigadier general of the army. The defense is entrusted to a unified command of the armed forces. It is composed of the U.S. Army Caribbean, the Caribbean Air Command and the Caribbean Sea Frontier.

In peacetime, the military commanders help the governor of the canal maintain the security of the 50-mile long waterway. In wartime, the military takes over.

Since the security and defense measures dovetail, the governor and the Caribbean commander in chief keep in close touch. Their staffs are in daily contact.

Guns Always Ready

Lt. General William H. Morris, Jr., Caribbean commander in chief, says his forces now are on a modified alert. This is just one step short of instant readiness for action. The anti-aircraft guns in the Canal Zone are ready to fire at all hours.

Sabotage and a sudden attack, generally recognized as the two most serious threats against the big ditch. The atomic bomb has not altered that concept. What it has changed is the estimate of damage. An A-bomb hit in the right place could knock the canal out of business for at least four years, engineers estimate.

General Morris feels that none

States before anything serious could happen.

"I don't think, however, that our possible enemies have the capacity for a large attack against the canal."

General Kiel also finds reassurance in the fact that the canal is surrounded by friendly countries.

Lacking planes and listening outposts to guard the canal approaches, the Caribbean Air Command has taken other precautions. It has established specific routes for all planes approaching the canal. Aircraft which stray run the danger of being shot at by anti-aircraft batteries.

Heavy Tourist Traffic Seen

Automobile Club Makes Forecast

If spring requests for travel information mean anything, Michigan's tourist industry is headed into a bang-up season, says Harry N. Rogan, travel manager of Automobile Club of Michigan.

Club travel counselors at 38 offices throughout the state are handling 14.5 per cent more travel routing requests this spring than in 1950, when sour weather scuttled an otherwise up-and-coming season.

Bound for Michigan

Most routings being handled are for spring and summer vacations. And 42 per cent of them, by actual count, are for Michigan destinations.

"That bodes well for a \$600,000,000 resort and travel year in Michigan," Rogan adds.

"These figures show that more and more Michiganders are considering vacationing grass less green on the other side of the fence. They're coming to realize, after expensive trips out-of-state

in other years, what a tremendous vacation punch their own state of Michigan packs."

Travel routing requests from members in April showed that 80 per cent of auto owners plan to vacation by car this summer. Michigan State Highway Department men say spring and summer highway construction and repair will in no case seriously detour vacationists anywhere in the state.

Bukowski is a former manager

Ferry Traffic Rises

Auto crossings at the Straits of Mackinac, reported by the highway department, are up 38 per cent for the first three months of 1951—another indicator of the traveling public's pulse.

There has been no hint from the Office of Defense Transportation to date that vacation travel will be curtailed in any way. And government officials have stressed the need for all workers to take the vacations which, they say, help heal psychological scars of this atomic era.

Vacation costs in Michigan, like nearly everywhere, will be slightly higher for this year, an auto club survey of Michigan resorts, hotels, motels, lodges and restaurants shows. In most cases, however, the hike will be no more than the advanced cost of living since 1950.

Western Party For Randy's Birthday

Randy Hogan celebrated his fourth birthday anniversary, western style, with an outdoor party Sunday afternoon at the home of his grandmother, Mrs. Emma Hogan.

Rides on horses from the Goodriders Stables were enjoyed followed by games with Gary Kalishuk, Tommy Schmeltzer and JoAnn Hendrickson winning the prizes. Table and cake decorations for the picnic lunch were cowboy novelties. Randy received many remembrances of the day.

Guests were Johnny, Gary and Michael Kalishuk, Danny, Bill, Albert, Patrick and Mary Ann Sinclair, Tommy and Janice Schmeltzer, JoAnn and Dickie Hendrickson, Suzanne Raspur, Ruth Ann Sydmark and Randy's sister, Pamela, Mrs. Rudy Sydmark, Mrs. Clifford Kalishuk, Mrs. Adam Sinclair, Mr. and Mrs. Lloyd Hendrickson, Mr. and Mrs. Dick Schmeltzer, Randy's aunt, Joy Hogan, and Patsy Kalishuk, who assisted with the party program.

Minnewascan Is Off The Presses

Students To Be Given Year Book Soon

The Minnewascan, year book of the Senior Class of Gladstone high school, will be distributed to students sometime this week, Sup't Cameron said yesterday.

Railroading is the theme carried out in preparation of the book, dictated because of the part the railroads have played in growth of the nation and of Gladstone.

The issue is dedicated to Mr. and Mrs. Kurt Thiel, faculty members who assisted in preparation of the book.

Harry Rajala was editor-in-chief of the publication with Bette Ohman as assistant editor.

Theresa Harris, Roger Beauchamp and Dottie Olson handled sports, Margaret Cowell, music; George Ryan, Janet LaCosse and Duane Peterson, photography; Joann Oathoudt, Gladys Lambreg, Alma Rajala and Bob Charbonneau, copy staff; Barbara Nivison, Dorothy DuRoy, Mary Ellen Sepic, Mary Ann Hoffmann and Alberta Bratonia, proof readers; Barbara Switzer and Clara Noggle, typists, and Harold Berg and Darl Tang, art.

Obituary

MRS. ANNA SMITH

Funeral services for Mrs. Anna Smith, pioneer resident of Gladstone, were conducted yesterday afternoon at 2:30 o'clock at the Kelley Funeral home, the Rev. C. V. S. Engstrom officiating.

During the rites, Noble Swenson sang "Beautiful Isle of Somewhere" and "The Old Rugged Cross" with Mrs. Edward Olson, Jr., as accompanist.

Flowers were in charge of Mrs. Carl Haglund and Mrs. Wilfred Bezner.

Pallbearers were James Stewart, LeRoy Brown, Stanley Hawkins, Merlin Nelson, Robert Willis and Capt. Douglas Stewart. Burial was made in Fernwood cemetery.

Out-of-town persons attending the rites included Mrs. Jane Brown, Helen Mae Brown and LeRoy Brown, Green Bay; Margaret Kelly, Chicago; Lt. and Mrs. Frank Barnes, Manistique; James Stewart, Marquette; Stanley Hawkins, Saginaw; Robert Willis, Escanaba, and Capt. Douglas Stewart, Minneapolis.

Dinner Thursday At Club House

Members of the Women's league of the Gladstone golf club will be served a dinner at 6:30 Thursday evening at the club house following regular afternoon play. Bridge will follow the dinner.

Pine Ridge

New Officers Installed

PINE RIDGE—The new officers of the PTA were installed Thursday evening at the school. Mrs. C. L. Riegel of Escanaba performed a candle light ceremony. Other highlights of the evening included a presentation of a bouquet of fresh roses to Mrs. Edith Rosengquist as a farewell gift. May 28 was the date decided upon for the school picnic which will be held at Ludington Park. Present at the meeting were the school board and township board members. There was a discussion on a proposed new school building for Pine Ridge.

Fence posts are best cut in the spring and seasoned over the summer.

River Rouge Lady LOSES 28 LBS.

Reduce with Rennel

Omega Frazier, 490 Frazier, River Rouge 18, Mich., writes: "I am happy with the results I have gotten from using Rennel Concentrate. Not only do I feel better but I have lost 28 lbs. Everybody tells me how much better I look and I am glad to tell my friends that Rennel has helped me lose so much weight."

It's amazing how quickly you can lose unsightly fat at home. Obtain liquid Rennel at your druggist, mix with grapefruit juice as directed and take two tablespoonsfuls twice a day. That's all there is to it. If you do not lose weight with the very first bottle just return it for your money back. You need never know a hungry moment while reducing with Rennel.

PTA Session Set For This Evening

A meeting of the Parent-Teachers' association is to be held tonight at 7:30 in the Junior high school in the northeast corner room on the second floor, it is announced by J. Donald Grenfell, president.

The meeting was originally scheduled for Monday night but was postponed because of conflict with other activities scheduled for the evening.

Reports of delegates to the Michigan State convention held recently at Ironwood are to be given at tonight's session.

Traffic Tickets Given To Drivers Following Accident

Several traffic tickets were issued over the weekend by city police officers. Ray Louis and Don Shannon, drivers of autos which sideswiped each other Sunday evening on Fourth avenue north, were two of the recipients. Louis was charged with excessive speed and Shannon for driving without an operator's license.

Leslie Niemi, Rapid River, also was given a ticket for driving without an operator's permit.

Students Provide Rotary Program

Roger Beauchamp and Roger Tetzner, Gladstone high school students who attended the Uthorstar sessions during the district rotary conference at Eau Claire, Wis., recently, yesterday gave their impressions of the gathering at the weekly noon-day luncheon meeting.

Dottie Olson, Gladstone high school's good citizen in the annual DAR contest, related in interesting fashion highlights of the motor and boat trip to Mackinac Island taken last Friday by members of the senior class.

Mrs. Allan Schreuer Claimed At Gaylord

Mrs. Allan Schreuer died Saturday evening at her home in Gaylord, according to word received here Monday. Mrs. Schreuer is known to many in Gladstone having accompanied her husband to this city on many occasions at a time when he was district president of Northern Michigan for the Reorganized Church of Jesus Christ of Latter Day Saints.

Mr. and Mrs. Rex Stowe, Gladstone, and Mrs. Milo Boomer, Escanaba, have left to attend funeral services which will be held today.

MANISTIQUE

50th Wedding Year Observed

Charles Hancock's Celebrate Sunday

Fifty years of married life were celebrated by Mr. and Mrs. Charles Hancock Sunday, with an "open house" in the afternoon at their residence, 210 North Front street, and a family dinner in the evening at the Paul Bunyan Cook Camp.

They were married May 21, 1901, at Germfask, the ceremony taking place at the home of Mrs. Hancock's parents, Mr. and Mrs. A. B. Roblin. They resided in Germfask until 1919 when they moved to Manistique.

Mr. Hancock was born in Vassar on Oct. 24, 1876, and moved to Germfask in November of 1899 to seek employment in the logging camps. Mrs. Hancock was born on April 21, 1882, in Novi, Mich., and moved to Germfask with her parents about a week later than her future husband.

Following three months' work in a lumber camp Mr. Hancock was transferred to a portable mill in Germfask. "I almost quit when I was told to work at the mill because I wanted the outdoors job," he said.

Enters a Business

The transfer, however, proved an important move in his life. "I have been in the portable sawmill business ever since," he said.

Following his marriage in 1901 he entered into a partnership with his father-in-law, operating both a portable sawmill and a pressing and threshing service for farmers. The agricultural phase of the business was discontinued when the Hancocks moved to Manistique in 1919, bringing their portable sawmill with them.

In 1940 he took his son-in-law, Theodore Richards, into the sawmill business with him under the firm name of the Hancock Lumber company. At that time the firm operated five mills, but only two are now in operation, one at Sand River, Marquette county, and another in Manistique.

Two years ago the Hancock firm opened a retail lumber business in Manistique, with Mr. Hancock taking in James Miller as partner. Miller also operates the Manistique mill for the firm while Richards runs the one at Sand River.

Still Active

The Sand River mill is devoted exclusively to contract sawing and the Manistique plant does custom sawing as well as the manufacturing of lumber for the retail division.

Mr. Hancock is still active in the management of the mill and retail lumber business. He holds membership in the local Masonic Lodge, and also is a member of the Commandery, the Consistory and the Shrine. Both Mr. and Mrs. Hancock are members of the Eastern Star, and he has been an Elk for approximately 15 years. They are members of the Presbyterian church. He also is a Rotarian and a member of the Chamber of Commerce.

The Hancocks have three daughters, Mrs. Herbert (Wenona) Krause, Manistique; Mrs. Theodore (Neva) Richards, Manistique; and Mrs. Louis (Waneta) Hartman, Germfask. They also have 10 grandchildren.

Relatives and friends from out-of-town who attended the Golden Wedding observance follow:

Meat Regulations To Be Discussed At OPS Conference At Sault

John Halpine, jr., of the Grand Rapids office of the OPS, will visit five Upper Peninsula communities this week to discuss price regulations affecting livestock slaughterers, meat wholesalers and meat retailers.

A meeting is scheduled at Sault Ste. Marie for Thursday, May 24, at 2 p. m. for livestock slaughterers and meat wholesalers. Retail meat dealers will meet at 7:30 in the evening. The place of the meetings will be announced later.

The Sault meetings are for dealers in the eastern end of the Upper Peninsula. Dealers in the western end will assemble at Ironwood.

Dramatic Club To Have Dinner

Event To Be Held On Monday Night

Senior members of the Manistique high school Dramatics club will be given a farewell at a program and dinner Monday evening, May 28, at the Bethel Baptist church Sunday School auditorium.

Preceding the dinner a Thespian initiatory ceremony will be conducted at 5:15 p. m. with the following students being given membership: Ted Curley, Francis Laurion, Ellen Heideman, Carol Martinson, Jacqueline Heath, Mack Howland, and Howard Strasler.

The banquet will be held at 6 p. m. and a short program will follow. Highlighting the program will be the presentation of the annual best Thespian award by Marvin Frederickson, high school speech and dramatics instructor.

Other speakers will be Thespian officers who are William Corson, president; Gail Lundstrom, vice president; Ann Marie Sheahan, secretary; Lael Richards, treasurer; and Lorraine Anderson, historian.

Guests at the session will be Mrs. Frederickson and Mr. and Mrs. Roger Eisentraut.

Social

World Wide Guild
The World Wide Guild met Saturday at the First Baptist church and later hiked to Riverside park for a picnic.

During the business meeting which preceded the picnic Donna Jean Larson was elected secretary. By the next meeting all girls should know the Guild's covenant, it was announced. All members are asked to memorize one verse from the fifth chapter of the Gospel of St. Luke.

Picnic lunch was served later. The next regular meeting will be held at the First Baptist church on Friday at 4 p. m.

Plan Summer Band Program

Instruction To Start June 18

Preparations are underway for the annual summer band program, to start when school closes in June, it is announced by Joseph Giovannini, high school band director.

Enrollment, instrument discussion with parents, and the securing of instruments will take place during the week of June 11 to 15. Band instruction is scheduled to commence Monday, June 18, and to continue until July 31.

Parents interested in starting their children in band work this summer are urged to give immediate thought to a choice of instruments, Giovannini urges. The band director is anxious to discuss band instrument choice with parents, who may contact him by calling him at his home No. 140-J. ental Program.

It is expected that a rental program similar to last year's will be in effect again this season, Giovannini pointed out. "For those who do not care to invest in new instruments there is always a good supply of reconditioned instruments available," he said.

It is hoped that the junior band will rehearse again during the summer months, Giovannini said. These rehearsals tend to keep the students together in the summer and give the beginners an incentive, he stated. It is also expected that the senior band will do some rehearsing during the summer.

All students who started band last summer and have been playing in the junior band are invited by Giovannini to attend rehearsals this summer and also take advantage of the summer band lessons.

Need Replacements

"Remember that to have a band we must have a constant replacing force from which to draw," the band director said. "This year we are graduating 17 out of the senior band. Replacements for these must come from the junior band, and this organization in turn must be restocked to take care of future needs. We are constantly in need of clarinets, trumpets, trombones, saxes, horns, baritone and tuba players. Anyone who has an interested child is asked to come in and talk the matter over. Obstacles which seem insurmountable are sometimes very easy to conquer when they are discussed."

"We want to keep the band movement growing in Manistique," Giovannini said. "It has grown tremendously in the past seven years and we hope it will grow again as much in the next seven. A boy or girl has fun tooling a horn."

Double Poppy Days Slated

2 Vets Units To Sell Flowers May 25, 26

Friday and Saturday, May 25 and 26, will be double Poppy Days in Manistique, it is learned.

Both the Veterans of Foreign Wars, Post No. 4420, and the American Legion, post No. 83, have selected these dates for their annual poppy sale.

Auxiliaries of the two units will sell poppies on the streets of the city both days.

In announcing the poppy day program the following statements have been issued by the VFW and Legion commanders:

Lionel Mercier, VFW commander, says:

"One penny from each Buddy Poppy the VFW has sold during the past 25 years has been earmarked for the maintenance of the VFW National Home for widows and orphans at Eaton Rapids, Mich."

"Most of the money that we collect in this sale, however, will remain here in our own community to help finance the relief and welfare work which we have undertaken on behalf of our own veterans in need, and their dependents."

Leon M. Wood, Legion commander, states:

"With young Americans again dying in defense of the principles of freedom for which America stands, and with our country again mobilizing to prevent new aggression and war, it is fitting that every American remember those who have given their lives in the nation's service by wearing their flower, the memorial poppy, on Poppy Day."

How would you like to win yourself a nice new softball team jacket? Sounds okay, huh? Well, all you have to do is select a name for the No Name softball team in the American league... That's right, the No Names want a tag for themselves and the team management is going to sponsor a contest to let the fans name the name.

The team is made up of a gang of veteran players who have banded together to form a new club. Most of the players have been together in past years and a few "big names" in softball have joined the group. The team expects to provide some unexpected opposition in the league.

So for the next two weeks you softball fans will have an opportunity to name the team... If it will help any, the club is sponsored by the Hansen and Jensen Oil Co., Peoples Bar, City Cleaners and Delft Theater. You may be able to figure out a name that will reflect back to the sponsors, or some novel title... You may turn your suggestions in at the gate of the lighted softball field.

Members of the team which plays its opener this evening against Westby's are Buck Breault, Paul Vardigan, Doc Hirn, Ray Elbi, Bob McCarthy, Skip Williams, Angie Hirn, Ken Dufresne, John Besson and Pete Hirn.

Nippy Jones Leads Cards On Late Comeback Trail

By RALPH RODEN

(Associated Press Sports Writer)

The comeback of Vernal (Nippy) Jones has injected new life into the St. Louis Cardinals.

The rise in the fortunes of the Cards dates from Jones' return to the varsity on May 15.

Jones, whose career appeared ended two years ago when he was floored with a spinal injury, looked great in the spring but big Steve Bilko was awarded the first base job. Jones was shunted to the Cards' Rochester farm in the International league.

Despite the demotion Jones didn't sulk. He banged the ball hard and often for the Wings. Bilko didn't live up to expectations and Jones was called back to the flu-ridden Cards who had lost seven out of eight starts.

Hitting .407

The Nipper brought his blazing bat with him and since his return the Cards have won five out of seven starts and moved back into contention in the ding-dong pennant race. Jones' lusty swinging directly accounted for two of the Cards' triumphs.

Jones has hit safely in seven straight games. He is flailing away at a .407 clip with 11 hits in 27 swings. Jones has driven in 10 runs and also has sparked a hitting streak.

Rademacher To Hurl Against Gladstone

Manager Phil Brazeau today named Joe Rademacher to hurl against Gladstone when the Escanaba Bears travel to meet the Redskins in an exhibition twilight affair tomorrow evening.

It will mark Rademacher's first mound appearance this season. Russ Hilton has been handling league chores while Jack Beck tossed the Bears an exhibition win over Gladstone last week.

Remainder of the Bear line-up will be intact. Brazeau said. Gladstone will field its young team which has joined the Upper Peninsula league this season.

Cal Abrams New National Leader

NEW YORK — (P) — Remember when Cal Abrams was low man in a four-way wrestle for Brooklyn's leftfield job? Well, now he's leading the National league in hitting with a .431 average.

It all happened suddenly with Abrams' six-hit surge in Sunday's doubleheader at Cincinnati sending him in front of teammate Jackie Robinson.

Stan Musial, St. Louis' defending champ, is on the march. Last week he hit .500 with 12 hits in 24 trips, boosting his season average 39 points to a seventh-place .354.

St. Ann's Takes On Nahma Here Tomorrow

Grade school baseball will take the local spotlight here tomorrow afternoon when Al Brandt's St. Ann's grade school team meets Nahma at the Athletic field at 5:45.

St. Ann's tuned up for the game with a 17-7 victory yesterday at Bark River. Gary Paler allowed four hits and fanned seven on the St. Ann mound.

Billy Goodeau was the big stickler for the winners with three hits. St. Ann's collected 14 base knocks in all.

St. Ann's has won seven and lost one, the lone defeat coming at the hands of the Nahma team. A pitching duel is expected between Paler and Wayne Popour of Nahma, the latter having two no-hitters to his credit this season. Nahma has won five and lost one.

Baseball Crowd Gives MacArthur Ovation At Yankee Stadium

NEW YORK — (P) — Gen. Douglas MacArthur was given a standing ovation last night by a huge crowd at Yankee stadium, where he saw the New York Yankees course to Ralph Guldahl, losing by two strokes, 281-283. In 1947 at St. Louis, Sneed tied Lew Worsham after 72 holes but bowed in the playoff, 67-70. In 1949, Sneed faded at the end to finish in a second place tie with Clayton Haefner.

The open is one tournament that always has eluded Sneed. Three times he has been runner-up. In 1937 he finished second at the same Birmingham, Mich., course to Ralph Guldahl, losing by two strokes, 281-283. In 1947 at St. Louis, Sneed tied Lew Worsham after 72 holes but bowed in the playoff, 67-70. In 1949, Sneed faded at the end to finish in a second place tie with Clayton Haefner.

Sneed, who sustained a broken wrist earlier this year, recently won his first 1951 tournament over his home course at Greenbrier. When he came from behind to beat Jim Ferrier, Sneed's rounds were 67, 67, 65, 64, seventeen below par over the White Sulphur Springs, W. Va., layout.

Hogan, in town for a television show last Sunday, will be after his third open. Besides winning the three-way playoff at Merion last year, he scored at Riviera in Los Angeles with a record 276 in 1948.

Schedule Of U. P. League Announced

Following is the first half schedule in the Upper Peninsula Baseball League, joined Sunday by the Gladstone Redskins:

May 27—Marquette at Munising, Humboldt at Ishpeming, Gladstone at Republic.

June 3—Marquette at Humboldt, Munising at Gladstone, Ishpeming at Republic.

June 10—Ishpeming at Marquette, Republic at Munising, Humboldt at Gladstone.

June 17—Gladstone at Marquette, Munising at Ishpeming, Republic at Humboldt.

June 24—Marquette at Republic, Humboldt at Munising, Gladstone at Ishpeming.

Sugar Ray Belts Out Kid Marcel In Fifth

PARIS — (P) — Sugar Ray Robinson is willing to defend his middleweight championship over here—that is, for \$90,000.

The subject of a 160-pound title bout in London or Paris was raised after the middleweight king stopped Kid Marcel, the French champion, in the fifth round of a ten-round bout here last night.

The championship wasn't at stake since both weighed in at a little more than 160.

Manager George Gainford said he'd like to get \$90,000 for Sugar Ray's first title defense.

Yesterday's Stars

Batting—Nippy Jones, Cardinals—Drove in three runs with fifth inning double to lead St. Louis to a 5-2 triumph over New York.

Pitching—Vic Raschi, Yanks—Shut out St. Louis 2-0 on five hits to gain his seventh victory against one defeat.

Short Putt Won't Drop, So Don't Be Afraid To Hit It

Eighteen of a series by Members of the P. G. A.

By JIM FERRIER

Former P. G. A. Champion

A thing to make sure of in putting is the position of the putter blade.

Keep it square with the desired line of putt.

Bring the club back and then, holding steady all the time, let it drop with its own force.

The amount of backswing determines the force of the shot, as the putter should merely be dropped—not swung or forced—in the same arc as it was raised.

Make sure that you hit the ball parallel to the ground.

Do not hit down on it or lift it.

The stroke merely is a pattern of hand-and-arm action to control the path of the club.

As in all good strokes in golf and other sports, follow through completely on a straight line toward the hole or on your line of putt.

Don't be afraid of hitting your ball. That's the idea in putting. A putt that's short of the hole never has a chance to go in.

Be careful of going too far past the cup, especially on a downhill putt, but always play for a hole-in-one when you're on the green.

Consider the lie.

Choose your putt line.

Decide the approximate force

SQUARE DEAL—Keep the putter blade square with the desired line of putt. (NEA.)

to use.

Hold your position until the shot is completely away.

Use only your arms and hands to execute the stroke.

Hit the ball. Don't push or baby it.

With the application of the correct principles and enough practice, every golfer should be able to putt like a champion.

Williams' Homer Ruins Tigers

BOSTON — (P) — That long-time killjoy, terrible Ted Williams, is up to his old tricks again—"ruining" baseball games with home runs.

The "ruin" this time were the Detroit Tigers.

They were bested here Monday, 9 to 7, by the Boston Red Sox with Mr. Williams a very large factor in the defeat.

The lanky one, who has been in

a batting slump of late, got three hits in four times up.

Six Tiger Pitchers

One, a two run homer in the

seventh, ultimately proved the margin of victory. A one-run double in the seven-run third inning also helped matters along.

Those two innings were the downfall of the Tigers, who rushed a total of six pitchers to the mound. Ted Williams

In order, they were Dizzy Trout, the starter and loser and Hank Borowy, Marlin Stuart, Gene Bearden, Hal White and Virgil Trucks.

Trot got along until the third inning. Then he was hit for a triple by Dom DiMaggio and doubles by Johnny Pesky and Williams. After Lou Boudreau's single, exit Trout.

Borowy followed. He walked Walt Dropo and was touched for a double by Bobby Doerr. Les Moss walked and Willard Nixon,

Misery Court Crowds Chicago Jails Trying To Curb Drug Traffic

By WILLIAM J. CONWAY

CHICAGO — (AP) — Even when the sunlight streams through the windows, Chicago's newest court is steeped in gloom.

It's the narcotics court, only one of its kind in the world. It handles nothing but cases based on the sale, possession or use of illicit drugs.

The tribunal is known informally as the "misery court." Kinfolks of the defendants sit in solemn silence on a double row of wooden benches. They look like mourners gathered in a funeral home.

An increase in narcotics offenses led to the opening of the special court in April.

Heroin In Possession

On a typical day recently Judge Gibson E. Gorman, gray-haired veteran of 19 years on Chicago's bench, summoned the first defendant.

Gilbert Phillips shuffled forward. He was charged with possession. He fixed clouded eyes on the jurist while a policeman testified Phillips had three capsules of heroin on his person when he was arrested.

He muttered that he had been an addict since September.

"One year in the county jail," Judge Gorman said.

Other defendants took their turns. It was a grim proceeding.

were sentenced to terms of 90 days to a year, and 186 were fined—all but three of them \$200. Most of them could not pay so they were sent to serve out the fines in jail.

A thorough study of 25 of the court's cases is being made to find out why these men and women turned to illegal drugs.

"Addicts create new addicts," the judge said. "A man addict will make an addict of his wife."

"Some teenagers said they got free drugs for two or three weeks at the start."

Special police teams have been put to work in selected districts to curb the narcotics traffic.

Auto Mishap Fatal To Tucker Vocalist

SLOATSBURG, N. Y. — (AP) — Donald Brown, 29, featured vocalist with Tommy Tucker's orchestra, died Sunday from injuries received in an automobile accident.

William De Santolo, 31, another member of Tucker's orchestra, also was killed as their automobile smashed into a storefront in the Sloatsburg business district early yesterday.

The men were returning home from a Saturday night engagement at the Waldorf-Astoria hotel in New York City.

Brown has been featured by the Tucker organization for the last nine years.

California U. Wins Teeter Totter Title

BERKELEY, Calif. — (AP) — Students at the University of California—famed for its academic and athletic laurels—has claimed a new championship—a world record for the old kindergarten pastime, teeter tottering.

Gary Kaveney, 19, of Colusa, Calif., climbed stiffly off his end at 12:54 a. m. Sunday and weaved off to bed, mumbling "I'd never do it again—even for money."

With two fraternity brothers, Sophomore Gary had bounced up and down 53 hours, 54 minutes since 7 p. m. Thursday. Bob Kinkead, 20, San Jose, Calif., started seesawing with Gary. But Bob's dad read about it and promptly grounded him. Bob Brownlee, 20, Yuba City, Calif., took over.

Kidd's Treasure Map Sends English Crew On \$700,000 Quest

RYE, England—(AP)—Sixteen men and four women plan to embark here tomorrow for a \$700,000 pirate treasure hunt in the South China seas.

To guide their quest in a 112-foot boat they have maps believed to be the personal handiwork of Captain William Kidd, the most famous freebooter of them all.

The crew includes a barber, a retired British army major, two shipyard directors and two youths fresh out of Oxford.

For the privilege of taking part in the adventure, and an equal share in the profits, if any, each put up 1,000 pounds (\$2,800). Each will have an equal voice in running the company formed to carry out the romantic gamble.

Sealed In Chest

The maps they will use were found sealed in the bottom of a sea chest that belonged to Kidd, who made his reputation as a saltwater highwayman 250 years ago. The maps were rolled in a metal tube which had been placed in a hole sealed with wax.

They were discovered in 1934 by a lawyer, Hubert Palmer, who spent more than 20 years collecting chronometers, compasses and charts used by the legendary pirate. Palmer had turned his home in Eastbourne, England, into a museum of Kidd lore.

At first, Palmer rejected ideas that a search be made for the treasure, which is believed to contain silver plate, jewels and expensive silks but by the time he died in 1950, Palmer's biggest hope was that someone would prove the authenticity of the maps by finding the treasure—or even the island on which it was supposed to be.

When Palmer died, the maps passed into the hands of his secretary who had them examined by the curator of the British museum.

McMillan

After spending the winter in Florida Mr. and Mrs. Allen Lanier have returned and are making the necessary preparations for the re-opening of their summer resort "Gronland" on Manistique lake.

Soo Hill First Aid
DANFORTH—The last lesson of the Soo Hill First Aid class will be held this evening, Wednesday, May 23, at 7:30. Examinations will be conducted at the meeting. Other classes will be organized and announcement concerning them will be made later. Attending from Danforth last week were Mrs. Arthur Hammerberg, Mrs. Eugene Seaman, Mrs. Arthur Anderson, Mrs. George Chaillier, Mrs. Llewellyn Larson, Mrs. Wallace Irving, Mrs. Felix Johnson and Mrs. Malcolm Stoneclift, Stanley Leishman of Escanaba is instructor.

Pink and Blue Shower

A pink and blue shower was held Saturday afternoon in honor of Mrs. Henry Makosky at the home of Mrs. Arthur Hammerberg.

Games were played with Mrs. Emil McMahon, first, Mrs. Glen Meyers, second and Mrs. Emil Helgemo, low. In 500 first

place went to Mrs. Paul Brazeau, Kenneth Hider, Jane Hider, John Dupont, Alvin Voight, Paul Brazeau, Charles Makosky, Felix Sacheck, Emil McMahon, Theodore Makosky, John Huff, Bessie Thimmes, William Krause, Marvin Ford, Robert Tonn and Louis Beuhler.

Personals

Mr. and Mrs. John Huff of Kenosha, Wis., and Mr. and Mrs. Robert Tonn and children, Dale and Diane of Marquette spent the

weekend at the home of Mr. and Mrs. Arthur Hammerberg, parents of Mrs. Huff and Mrs. Tonn.

Mr. and Mrs. Kenneth J. Larson and children, Lynn, Barbara and David left Friday afternoon for

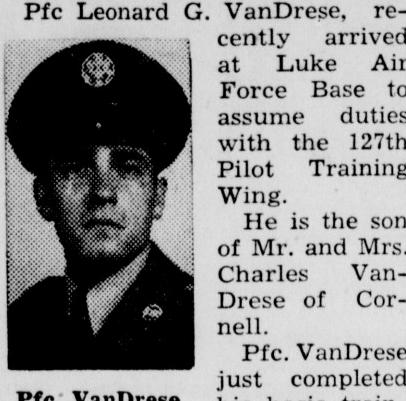

San Francisco where they will make their home. Enroute they were to stop in Milwaukee to visit

Mr. Larson's sisters, Mrs. John Nickolaus and Mrs. Jack Ziefel

and also in St. Louis, Mo., to visit

a buddy of Mr. Larson in World War II.

Offer Didn't Help

One of Kidd's last letters was to the speaker of the House of Commons. In it Kidd offered to turn over a hidden treasure if the British government would change its mind about hanging him for murder and piracy.

Kidd told the speaker that he had treasure worth 100,000 pounds hidden on an island, which he did not identify. He offered to go there in irons to show where it was.

But the government had not forgotten how Kidd had started out as an anti-pirate government agent, and it went ahead and hanged him on May 23, 1701.

It is believed that the items Kidd described in his letter to the speaker of Commons now would be worth 250,000 pounds (\$700,000)—that is, if they ever existed and if they are found.

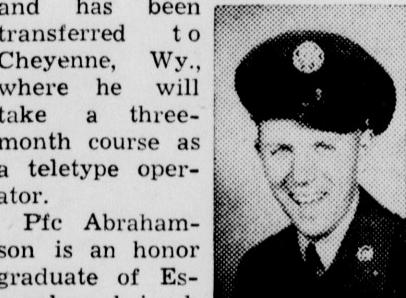

The maps give the longitude and latitude of Kidd's island, which lies in uncharted waters about 600 miles east of Singapore.

Those are the only hints that the organizers of the expedition will give out now. They don't even plan to tell any more than that to their navigator until they reach Singapore.

Abrahamson

After spending the winter in Florida Mr. and Mrs. Allen Lanier have returned and are making the necessary preparations for the re-opening of their summer resort "Gronland" on Manistique lake.

Chiang Claims His Army Could Bottle Up Chinese Reds

(Frank King, general executive of the Associated Press, is on a tour of the troubled Orient. He has been getting a firsthand look at those trouble spots and today he is visiting the Chinese Nationalist island of Formosa. On this visit he obtained the following interview from Chiang Kai-shek, leader of the Nationalists.)

During one of his rare, personal interviews, lasting nearly an hour, Chiang carefully guarded against discussion of specific issues involved in that debate.

The interview took place in Chiang's office in the huge administration buildings.

Chiang was calm, relaxed and laughed quietly as he talked. Friends said he looked healthier in appearance than for several years.

Behind Chiang's chair were the crossed flags of Nationalist China and his Kuomintang party. Both have been driven from the mainland to this island 100 miles off the southeast coast.

Asia Comes First

Asked the Generalissimo whether in his opinion Europe or Asia were under the greater immediate threat from Russia.

"At this stage," he replied, "the objective of Russia is expansion in Asia, not Europe."

However, he said: "I do not think Russia will use her own strength in fighting an aggressive war in Asia. It is not necessary for Russia to use her own troops."

"In the past, the international Communists took the propaganda line that the Chinese Communists were Agrarian reformers and that the Chinese Nationalist government was dishonest, corrupt and inefficient.

"Now the Chinese Communists have occupied the mainland of China. What they are afraid of is a Nationalist counteroffensive.

"So their propaganda line now is: 1. The Chinese on the mainland will not welcome the return of the Nationalists. 2. If the United States aids the Nationalists, the Chinese people on the mainland will hate the Americans."

Can't Be Optimistic

In response to my question the Generalissimo said:

"I cannot entertain an optimistic view of the Korean war. I cannot predict when it will end if continued on the present basis."

The old warrior then declared that his Nationalists by a diversionary counteroffensive against the mainland would halt aggression in Korea.

"It would take six months for us to start the large-scale counteroffensive after necessary and adequate equipment and supplies are available in Formosa," he said.

I said there was a widespread belief in the United States that the Nationalist government was corrupt in its administration of affairs on the mainland and that individual leaders of that regime took or exported to the United States much wealth. I asked if any such wealth had been recovered and used for the benefit of all China.

Chiang's reply, sources here said, was the first comment he ever has made on this subject.

"For many years," Chiang said, "the Chinese government has made inquiries of the United States government seeking cooperation and information as to Chinese who had taken wealth to the United States.

"We requested the United States government to inform us of this so that we could then take all measures to return this wealth or treasure to its rightful owners, the government of China."

"So far, our talks have produced no results. We are ready to proceed to reclaim any money taken from China and use it for the general good of the people."

Asked whether the Chinese people would accept militant communism and become resigned to the present rule in Peiping, Chiang declared:

"Absolutely not. The culture, tradition, the philosophy of the Chinese people, is diametrically opposed to Communism."

Activities****Society****Past Matrons And Patrons Honored At Annual Dinner**

R. C. Hatheway Chapter 49, Order of the Eastern Star, honored its past matrons and past patrons at a 6:30 dinner last evening at the Masonic Temple. Over 100 members and guests of Gladstone and Escanaba attended.

The dinner program with Arthur Nelson, worthy patron, acting as toastmaster, opened with the invocation by Mrs. Robert McCormick and a welcome song by the assembly. The toast to past matrons was given by Mrs. Joseph Rouse, worthy matron of the Chapter, and the response by Mrs. Louis Amundsen, junior past matron. Henry G. Olson, associate patron, gave the toast to past patrons and C. Arthur Anderson, a past patron, the response.

Rev. Ward, Speaker

Two solos, "O Divine Redeemer" and "Where 'ere You Walk" by Mrs. Nyal Witham were followed by presentation of a gift to Mr. Nelson and introduction of the honor guests by Mrs. Rouse.

The speaker of the evening was the Rev. James G. Ward who gave highlights of his Mediterranean cruise.

Violin quartet numbers were played by Mrs. Clara Somers, Alma Brazeau, Nancy Ostman and Mary Braemse. The impressive "In Memoriam" was conducted by Mrs. Henry Bathke, a past matron. The closing song was sung by the assembly. Mrs. F. M. Fernstrom was pianist.

Spring Decorations

Tables were beautifully appointed with spring blossoms, miniature Maypoles and dancers in pastel colors and individual favors, corsages of native cedar and straw flowers.

Mrs. Howard Plucker was in charge of the dinner and Mrs. L. A. Stade was chairman of the dining room arrangements.

Hiawatha

Ben Marx of Arlington Heights, Ill., is spending some time here at his cabin on M-94.

Mr. and Mrs. Harold Brock and Mr. and Mrs. Floyd Brock of Munising were visitors in Manistique and Hiawatha Monday.

Coach George LeBrasseur's Bark River track and field team made an excellent showing in the regional class C trials at Marquette Saturday. Bark River is competing in track for the first time in nine years. The squad finished second to Munising, 49-2-3 to 43, and for a while it looked like the newcomers would cop the meet. Coach LeBrasseur has a couple of fine freshmen and sophomores on the team.

Coach Morley Fraser of Newberry informs us that the class B regional track crown won at Marquette was the first in the history of the Newberry school. And the Newberry win broke a seven-year reign of Soo as regional class B champs.

Coach Fraser reports: "We have several outstanding boys who might place in the U. P. finals at Escanaba Saturday. Jack Taylor in the high hurdles is undefeated this year. We figure him for a third Saturday behind John Leppi of Ironwood and Dick Shomin of Escanaba, although he could press Shomin for second. Boggs in the 100 and 220 should be in the money along with Hofer of Stephenson and Toler of the Soo."

"Harry Clark, 440 man, has done under 55.5 twice this season and should place. Our medley relay team is undefeated this year and Saturday broke an all-time Newberry school record by winning in 2:43.1. Our 880 relay team broke the regional mark at Marquette in 1:38.4."

The Newberry mentor adds that the big problem for his Indians is lack of a track to run on. The squad uses the football field and improvises most of its equipment. Because of the interest taken by townspersons in the track squad, building of a new track at Newberry is in progress and will be ready by next spring. Coach Fraser feels that Newberry's plight may serve as encouragement to other schools who lack track facilities. He concludes: "A lot can be accomplished through plain hard work."

Lipon Error Costly For Tigers In 6-3 Defeat

NEW YORK—(P)—The Detroit Tigers hit the big town today after dropping their Boston series 2-1 to slow their chase of the league leading Yankees.

The Red Sox clipped the Tigers 6-3 yesterday as Ted Gray fell victim to the Fenway Park jinx of southpaws. The loss dropped the Tigers 4½ games behind the Yanks and two games behind the second place Chicago White Sox. During 1949, no one lefthander was able to go the route against the Red Sox. Last season only Hal Newhouser and Gene Bearden, then pitching for the Senators, were able to beat the Bosox on their home ground. When Hal beat the Red Sox Sunday he duplicated a rare feat.

Harnischfeger, No Names Win Pierpon Pitching, Batting Standout

John Pierpon hurled and batted Harnischfeger to a 17-3 softball league victory last night over White Birch.

Pierpon scattered four hits and struck out three, but was even more impressive at the plate where he collected four hits in six times up. Three of the hits were of the four-base variety and one of those was a grand slam affair with the bags loaded.

Harnischfeger clouted three White Birch pitchers, Al Lancour, Rappett, and F. Lancour, for 18 hits. Jerry LeDuce served behind the plate for Harnischfeger while H. Lancour handled catching duties for the losers. White Birch was guilty of six errors, Harnischfeger two.

In another league outing last night the No Names edged Westby's 7-6 in an eight inning clash. The No Names came from behind twice to turn the trick.

Ray Ebli drove Buck Breault home from third for the winning run. Angie Hirn homered for the winners.

Ike Eis and Ken Dufresne hurried for No Name with Angie Hirn behind the plate. Ernest Vanerge and Buckland pitched with Mulvanev catching for Westby's.

Three Softball Games On Tap This Evening

The St. Thomas Old Timers and St. Thomas of the National league will meet in a practice game Thursday evening at the Dock diamond.

Softball features in the American league will have the No Names taking on Power and Light at 7:45 at Memorial field and Paper Mill meeting White Birch at 8:45 in the windup.

Kansas City Boosts Lead In Association

(By The Associated Press)

Kansas City boosted its American Association lead to two games last night with a 7-4 triumph over Minneapolis.

Major Baseball Letter For Ray Menard At Ferris

Freshman Ray Menard, former Escanaba athlete, has been awarded a major letter in baseball at Ferris Institute, it was announced today by Coach Frank Karas, also a former Escanaba.

Menard is in his first year at Ferris, enrolled in the College of Pharmacy.

Coach Karas reports that Ferris will lose only two baseball men by graduation this year and he expects a strong team back next season.

The spring sports schedule at the Big Rapids school closed at the end of the spring term. There will be informal sports, with swimming events scheduled during the summer term which opened May 21.

Bob Williams Signs With Chicago Bears

CHICAGO—(P)—All-America quarterback Bob Williams of Notre Dame, who last season flipped the most passes ever thrown by an Irish player, today was signed by the Chicago Bears of the National football league.

The 1919 Sox, ably piloted by freshman manager Bill (Kid) Gleason, went on to win the pennant. Can the '51 Sox, under the leadership of newcomer Paul Richards, do the same?

Still A Dream

The pennant still is nothing more than a beautiful dream. But the current crew is threatening to achieve something that has eluded all other White Sox teams.

Richards' astonishing Athletics need only to win tonight and tomorrow in Philadelphia to complete a clean sweep on their rampaging tour through the eastern badlands.

The White Sox began the trip by trouncing the Red Sox twice in Boston. Nobody can recall when a Chicago team ever did that before. Then they whipped the Yankees in New York. That was the only victory by a visiting club at Yankee Stadium in 14 games this season. Last night they whipped the Senators in Washington for the third straight time, 9-8. That made it six victories in a row, nine of 11 on the road this year, and 18 wins against nine defeats for the season.

Yesterday's triumph kept the club in second place, two lengths in back of the defending champion Yankees, who beat the St. Louis Browns, 6-1. Boston's Red Sox tamed the Detroit Tigers, 6-3, to move past Washington into fourth place, a half game behind the Bells. Cleveland clipped the Philadelphia Athletics, 6-2, in a night affair.

In the limited National league action, front running Brooklyn outscored the Pirates, 17-8, in Pittsburgh and the Boston Braves thrashed the Cardinals 7-2, to dispose St. Louis in the third slot. Rain forced the postponement of contests between New York and the Cubs in Chicago, and Philadelphia and the Reds in Cincinnati.

Kuzava Hurt

The three run White Sox rally in the seventh, featured by Nelson Fox's home run, overcame a six-run Washington assault in the fifth to win for relief pitcher Harry Kuzava.

Bob Kuzava was lost to the Senators for at least a week in a crash with Fox at first base in the fourth inning. Kuzava was spiked on the right heel.

Allie Reynolds pitched a four-hitter against the Browns as his teammates clubbed Ned Garver for nine hits, six for extra bases. The biggest blow was a home run by Yogi Berra.

Early Winn pitched five hit ball for the Indians to end a personal four-game losing streak.

Seven home runs highlighted the Brooklyn-Pittsburgh slugfest. Gil Hodges, Dodger first baseman, hit two, one with the bases loaded. His 13 for the season is high in the majors. Wally Westlake hit No. 12 and Ralph Kiner No. 8 for Pittsburgh.

Cal Abrams, newest Dodger left fielder, collected three hits to raise his league leading batting average to .452.

Michigan State, making its first appearance in an outdoor conference meet, has two standout performers in versatile Jesse Thomas, who last week won both hurdle races, the broad jump and 100-yard dash in a dual with Illinois, and distance ace Warren Druetler.

Michigan State's debut in the Big Ten tennis championships today through Friday, may prove successful.

Defending champion Purdue, Michigan and Ohio State are expected to battle it out for the team title in the Big Ten golf championship at Northwestern university's course tomorrow and Friday.

Michigan has three veterans back from last year's third-place team, including Dick Evans, Dean Lind and Bob Olson.

CARDS OF THANKS

We wish to thank our friends, neighbors and relatives for their kindness and sympathy in our bereavement, the death of our father and grandfather, and our gratitudes. Rev. M. H. Johnson for his comforting words to the pallbearers, to those who sent flowers and memorial cards, to the choir for their beautiful songs, and to those who offered the use of their cars, and for other acts of kindness. Your kindness will always be held in grateful remembrance.

MRS. A. E. JOHNSON, LEONTINE JOHNSON, MRS. HAZEL STAUFFENBERG, 446-143-1t

It is with a feeling of sincere gratitude that we thank this means of expressing our deep appreciation and thanks to friends and relatives for their kindness shown us in the last illness and death of our beloved husband, father. We are grateful for the floral and spiritual messages of sympathy, to those who donated the use of their cars, and for other acts of kindness. Your kindness will always be held in grateful remembrance.

Social Security Benefits Missed Local Office Seeks Over 100 Eligible

Social security benefits are not being received by a good many persons over the age of 65 who are entitled to them, according to Carl L. Johnson, manager of the Escanaba social security field office.

"Many people who have reached 65 years of age do not understand the social security setup and fail to contact us for information concerning available benefits which are due them," Johnson explained.

Under the new program recently put into effect, workers need only one and a half years of employment before reaching age 65 to be covered by social security. Many workers are not aware that they become eligible for social security returns in such short time.

The Escanaba office manager, whose territory covers Delta, Menominee, Schoolcraft, Chippewa, Luce and Mackinaw counties, has urged all persons over 65 who are eligible for benefits to contact the office here or representatives at Menominee, Manistique, Newberry, St. Ignace and Sault Ste. Marie.

Don't Delay

If a person delays in applying for benefits he loses considerable money which he would have been entitled to collect. "We have a record of one man who lost \$1,000 because he failed to contact us as soon as he reached 65," Johnson said.

The Social security office here has on record a list of 150 persons available for benefits under new provisions. Of these only about 30 have contacted authorities to take action on their cases. That leaves over 100 who are eligible but who are not receiving payments because of their own neglect.

The central social security office in Maryland lists 750,000 persons in the United States who have become eligible for social security benefits but who have not taken advantage of their qualifications.

Extension Staff Of MSC Attend Meeting

Members of Michigan State College extension service in Delta county this week are attending the annual conference held at East Lansing. The meeting will close Friday.

Attending the conference from Delta county are J. L. Heirman, agricultural agent; Miss Ingrid Tervonen, home demonstration agent; and Fred Bernhardt, 4-H club agent who was recently transferred here from Manistique.

Bernhardt succeeds M. N. Nyquist, who moved to Marquette to become agricultural agent of that county.

Perkins Sunday School Organized

PERKINS—The Sunday school of Bethany Lutheran church at Perkins has been organized for the coming year and classes will meet every Sunday morning at 9:30. Mrs. Norman Aasen, superintendent, will teach the confirmation class. Mrs. Henry Soderstrom, assistant superintendent, the junior class. Mrs. Alice Vallier is in charge of the primary class and Miss Bernice Harris, the beginners.

THE FAIR STORE

Thompson

Card Party and Sale
THOMPSON—St. Thomas the Apostle Circle entertained a large crowd at a card party and rummage sale at the school Thursday evening. Refreshments were served.

Personals

Mr. and Mrs. George Jarvis and Mr. and Mrs. Larry Marlowe of Whitefish Point spent the weekend at their respective homes.

Mr. and Mrs. Darryl Wilson and daughter Connie of Sault Ste. Marie were weekend guests of the former's aunt, Mrs. Floyd Sample, and family.

Mr. and Mrs. Floyd Sample, Mrs. Dorothy Stanley and daughter, Gloria, and Mr. and Mrs. Darryl Wilson were Sunday guests of Mr. and Mrs. Ernest Steinoff at Munising.

Mrs. Clint Larson and small son are leaving this week for Racine, Wis., where Mr. Larson now is located and where they will make their home.

Mr. and Mrs. Alfred Dupree and children of Garden are guests of the former's sister, Mrs. William Maxwell.

Mr. and Mrs. Lawrence Knuth arrived from Van Dyke for several weeks' visit at their summer home at Willow Beach.

Mr. and Mrs. Sigfried Erickson and son James moved Monday to the Fox River Feeding Station at Seney where Mr. Erickson will be employed for the summer months.

The condition of William Maxwell, a patient at Memorial hospital in Manistique, is critical and an appeal has been issued for blood donors.
